## Cohen's Lottery &amp; Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, February 13, 1823.

## One of the \$5000 prizes out.

At length we have to announce the drawing of one of the 5,000 dollar prizes, so long floating in the wheels of the STATE LOTTERY. It came out yesterday afternoon to No. 330, and was divided into shares, and sold at COHEN'S OFFICE. One half is the property of a distant adventurer residing in Frederick county in Maryland, and the two quarters are owned in this city. In our next we shall announce their names if permission be given.

We have now to congratulate our customers on their continued success from our office, and in the present case particularly, as the Five thousand dollar prize is divided equally in amount, between adventurers both in town and country; and we hope, to have additional cause for congratulation in announcing to them some of the more splendid capitals which yet remain in the wheels of the State Lottery.

The commissioners of the State lottery wishing to accommodate distant adventurers by allowing as much time as possible, without too long protracting the drawing, for them to renew their small prizes at the present interesting period of the scheme, will continue the drawing on Wednesday after next the 26th inst. instead of next Wednesday; they hesitate the less in granting this protraction from the satisfaction which was expressed by distant adventurers in their having had a similar interval of one extra week between the 4th and 5th drawings.

## Crisis of the Scheme.

We are not surprised at the excitement now prevailing amongst adventurers at the present interesting period of the STATE LOTTERY. Only three drawings remain to complete the scheme and there are yet undrawn the great capital of 20,000 dollars two of 10,000 dolls. one 5000—3000 and several of 1000 dollars, besides minor denominations, all of which are NOW FLOATING, except the twenty thousand. Tickets are already scarce, and speedy application is necessary to procure a chance—the price of tickets is only TWELVE DOLLARS and shares in proportion; to be had, warranted undrawn at COHEN'S OFFICE. Orders from any part of the Union will meet the usual prompt and punctual attention, addressed to J. I. Cohen, Jr. Baltimore.

## The Next Lotteries.

For the information of our customers we continue on the 4th page of this day's Register, the schemes of the two next Baltimore Lotteries—One for the benefit of the STATE, the other for completing the WASHINGTON MONUMENT. The STATE scheme is very splendid, containing amongst many brilliant sums, one prize of the magnitude of ONE HUNDRED THOUSAND DOLLARS. The price of tickets only Ten Dollars—The MONUMENT scheme is of small amount but its prizes are comparatively brilliant, and if not so attractive as the State scheme, as regards Capitals, the managers in a pecuniary point of view, hope that a TWENTY THOUSAND DOLLAR prize may be a sufficient inducement for investments, at the low rate of Eight Dollars. The calculations of the managers are principally founded on the patriotic feelings of their fellow citizens in assisting towards the completion of a MONUMENT, to descend to posterity as a memorial of the veneration in which their countrymen hold the virtues of the immortal Father of his Country.

The tickets of both lotteries are preparing, and will be ready for sale in the course of about two weeks; in the meantime, adventurers can examine the schemes which are published at large.

The drawings of both lotteries will be under the superintendence of the Commissioners appointed by the Governor and Council.

**Potomac canal.**—A letter from Annapolis, to the Editors of the American, under date of Friday, informs us that there was considerable discussion on that day in the house of Delegates, on the bill to incorporate the Potomac Canal Company. The debate arose on a motion to strike out the 18th section of the bill, which provides for the subscription on the part of the state of five hundred thousand dollars. The vote on the motion to strike out was 37 for and 34 against it. Some of those who voted to strike out, our correspondent believes, would agree to subscribe three hundred thousand dollars; and it is added that on Saturday a section would be proposed, embracing that amount. So deep, (says our letter) is the interest taken by the people of Georgetown in the question, that two reporters have come to Annapolis from thence to take the debates.

**Another American Tale.**—It is stated that Mr. J. ROBINSON, of this city, has now in press an original work, which, if certain distant intimations, which have been made, may be depended upon, will be likely to prove a feather in the cap of our growing literature. It is said to be founded upon certain events of the revolutionary war.

**Lithotomy.**—An important improvement in the formidable operation of extracting the Urinary Calculi, invented by Dr. Sleight of Montreal, Lecturer on Anatomy, Physiology and Surgery, has reduced that process to a degree of simplicity almost inconceivable. The time occupied in it does not exceed the eighth of a minute, and the pain and danger are scarcely greater, than arises from bleeding in the arm. The editor of the Montreal Herald says, he has seen a stone, which the Doctor extracted, weighing seven hundred and ninety-eight grains, and its circumference five inches.—This was independent of numerous fragments, and the patient was well on the third day.

NEW-YORK, Feb. 8.

The non arrival of numerous vessels some time since due, is a proof that the winds have prevailed at sea from the northward and westward, and it is worthy of remark, that from this circumstance, there is such a great scarcity of shipping in port, that freights have risen considerably, and vessels suitable for European voyages, cannot now be had.

The late severely cold weather has made considerable ice, and prevents the departure of many vessels now ready for sea.—Gaz.

## Miscellaneous Intelligence.

The legislature of South Carolina, at their last session, passed an act to inflict corporal punishment on such persons as may hereafter be convicted of fraudulently packing cotton. The punishment for the first offence, to be a fine of not more than one thousand dollars, and not less than ten; and imprisonment for not more than six months, and not less than one month. On a second conviction, the offender to receive, not more than 20 lashes on the bare back, and not less than five, and at the same time be liable to all the disabilities imposed by law on such as have suffered corporal punishment.

The exports from the city of Cincinnati alone, in the state of Ohio, in the fall and winter of 1821-22, are stated to have amounted, for three articles only

(flour, pork, and whiskey,) to the value of three hundred thousand dollars.

THIRTY-FIVE HUNDRED copies of the *Pioneers*, (written by the author of the *Spy*) have been sold in New York in half a day.

By a report from Mr. Jefferson, rector of the great university of Virginia, which is calculated to accommodate about 2000 students, it appears that all the buildings except one are completed, that they cost 226,161 dollars; and that in addition to this sum, it is estimated that the remaining building will cost 46,847 dollars. These immense funds are chiefly advanced by the state.

We understand, says the *National Gazette*, that Stephen Girard, esq. has lent two hundred and thirty thousand eight hundred and fifty dollars, to the president and managers of the Schuylkill navigation company, for the purpose of completing the important improvements on the river Schuylkill. This sum, with the present funds of the company, is deemed fully adequate to that object. It is understood that the company have now upwards of 700 hands at work, and expect shortly to have 3000; and will, if the weather be favorable and the country healthy, reach the coal mines before next winter.

By a statement of the duties paid the state by the different auctioneers of the city of New-York, from the 1st of October, 1821 to 30th of September, 1822 it appears there was paid the sum of \$179,641 69—of this, \$45,295 32 was paid by one individual, and 69 cents by another. The whole sum was paid by 36 auctioneers, 9 of whom paid \$159,650 57.

The Anniversary of the eighth of January, was celebrated with much spirit at New Orleans—the state authorities (the legislature being in session) walked in procession from the government house to the church, where Divine service was performed—the military were afterwards reviewed by the governor, and the day was closed with the greatest hilarity and decorum.

**New Orleans Races.**—The running was in fine style—the purse of \$600 was taken by Mr. Odom's Tennessee horse *Sea Serpent* at the 2d heat. The assemblage of spectators was large, and the interest of the scene was increased by the presence of a number of ladies, presenting the beauty and fashion of New Orleans and vicinity. The first heat of three miles was run in 5 minutes 35 seconds—the second in 5 minutes 42 seconds. The Mississippi horse Zanga, was distanced the first heat.

## Latest Advices from Europe.

By the arrival of the packet-ship James Cropper, at New York in 36 days from Liverpool, London dates to the 30th December, and Liverpool to the 1st January have been received. Although the complexion of affairs between France and Spain seem to relax somewhat of its previously hostile and warlike character, the ultimate question of peace or war is still wrapt in darkness and uncertainty. According to the deductions drawn by the London Courier from the tenor of the note of the French council of ministers to the French minister at Madrid, "the Spanish revolutionists must humble themselves to France, or France must bow down before the Spanish revolutionists."

The Duke of Wellington arrived in London on the 23d of Dec. from Verona.

Maria Louisa, the ex-empress of France, it is reported has been invited to England.—She awaits the consent of her father, the emperor of Austria.

From the citizens of the United States in general, the managers claim assistance in forwarding their object; for, although local pride in the present instance may be confined to Marylanders, yet NATIONAL PRIDE is common to all—and if America, now so happy, and so flourishing, should, in the course of years, become what Rome now is, our column will live to tell we had a Washington as that of Rome now does to perpetuate the memory of Trajan.
